CHARTERED ACCOUNTANTS

## **Bright Grahame Murray**

### **Transparency Report 2022**

This report for the year ended 31 March 2022 has been prepared to meet the requirements of Article 13 of the EU Audit Regulation (537/2014), which was incorporated into UK domestic law by Section 3 of the European Union (Withdrawal) Act 2018.

#### **1. The Firm**

Bright Grahame Murray (BGM) is a general partnership. The Firm operates from offices in Kensington, London, SW7. As at 31 March 2022 BGM had 9 individual partners comprising 5 Tier 1 partners and 4 Tier 2 partners who are all Chartered Accountants. A Managing Group within the Tier 1 partners has voting control of Bright Grahame Murray.

Bright Grahame Murray is registered by the Institute of Chartered Accountants in England and Wales (ICAEW) to carry out audit work in the UK. Details about our registration can be viewed at [www.auditregister.org.uk](http://www.auditregister.org.uk) under reference number C005382675.

#### **2. Description of our international association**

Bright Grahame Murray is an independent member firm of the Integra International Association of independent accounting firms. There are currently approximately 130 member firms around the world, details of which can be found at [www.integra-international.net/.com](http://www.integra-international.net/.com).

Each member firm appoints its own management and is separate and independent from both Integra and all other member firms, neither sharing profits nor under any common ownership or control. The association does not qualify as a network under the regulations.

#### **3. Governance structure**

An appointed Managing Group is responsible for the day-to-day strategy of Bright Grahame Murray, implementing policies, managing risk and overall management of the firm. The Managing Group consists of senior members of the partnership including the Senior Partner, the Managing Partner, Head of Audit and Assurance and Head of Private Client Services. The Managing Group communicates the firm's overall strategy which it uses to guide decision making and the development of the business in the medium term. The strategy is regularly reviewed. Tier 1 and Tier 2 Partner meetings are held at least monthly and are attended by all partners who also head the main service lines and discuss operational issues including business development, personnel and finances.

The firm operates in a highly regulated sector and is required to meet a range of statutory regulations and requirements in order to conduct its business. These obligations arise from its membership of the ICAEW and registration with them as auditors, as well as other regulatory bodies.

The Managing Group and all partners take compliance obligations seriously, accepting that any major failure could be critical to the business.

The Managing Group is also responsible for Performance Review, a process designed to support and appraise the senior team including partners. Grades, pay, expectations and partner profit sharing is directly linked to this review process.

The Managing Group has appointed Heads of Service to each of the business segments and also to each of the principal functional and support groups.

The Heads report to the Managing Group and their role is to manage and develop the areas which they are responsible for within the strategy, guidelines and policies established and communicated by the Managing Group.

All partners and team members are encouraged to raise any concerns with their Heads or alternatively through the Managing Partner or Senior Partner as appropriate to the circumstances.

The Managing Group and partner team strongly support the firm's values of best practice, continuous improvement, consistency, and value to all.

These values encourage a good quality of work as part of the firm's policies and culture.

#### **4. Internal quality control system**

The firm is committed to excellence in all areas of its work. All departments are subject to a regime of quality control that is appropriate to that department, including: -

- a. reviews of the technical abilities of personnel;
- b. ongoing training programmes;
- c. recruitment policies designed to ensure only the highest caliber personnel are recruited;
- d. reviews of all work by managers with appropriate expertise where considered necessary;
- e. use of appropriate technical checklists;
- f. regular formal "cold" reviews of work performed by independent personnel or external consultants where required.

The members of the firm review each department on a regular basis and are satisfied that the levels of training undertaken and the quality control systems in place produce the highest possible results in terms of work performed and advice given.

#### **Audit compliance**

The Firm's Audit Compliance Partner (ACP) is required to ensure that the Firm complies with audit regulations. The relevant partner is also the first point of contact with the ICAEW and the Financial Reporting Council (FRC).

#### **Technical Committee**

In order to ensure that the standard of audit, accounting and other technical areas are maintained at a high level and kept up to date, the Firm also has a Technical Committee. The Technical Committee is made up of Responsible Individuals (RI) and Audit Managers. The Technical Committee monitors the level of skill and knowledge across the Firm, and where relevant arranges appropriate training. The Technical Committee meets on a monthly basis.

## **File reviews**

All audit files are reviewed by a manager and the Senior Statutory Auditor/Responsible Individual at the planning, fieldwork and the completion stages.

An Engagement Quality Control Review ('EQCR') is required for certain assignments, including audits of public interest entities, as a safeguard against potential risks such as when RI's have long associations with clients and audits where such a review is required by laws or regulations. EQCR reviews must be completed before formal approval of the audit report.

A sample of cold file reviews of the Firm's audit clients are performed annually, ensuring that each RI's and manager's work is reviewed. These cold file reviews are performed by an independent manager, independent RI or an external consultant. Detailed reports are provided to the ACP and follow-up and training is undertaken if necessary.

## **Statement on the effectiveness of the internal quality control system**

The Firm's management, comprising the Managing Group and other selected partners, consider that the internal quality control system is functioning effectively, to enable us to maintain our internal quality standards and comply with our professional and legal requirements.

## **5. Monitoring visits**

The firm had its last external monitoring visit by the ICAEW Quality Assurance Department in December 2019 and by the ICAEW Practice Assurance Monitoring Team in October 2020.

## **6. List of public interest entities**

The public interest entities in respect of which an audit report has been made in the last reporting period are as follows: -

Listed on the London Stock Exchange:

British Engineering Plc (Listing currently suspended)

## **7. Independence procedures and practices**

The firm has a rigorous policy designed to maintain its independence in respect of audit clients. This policy lays down procedures that must be followed in respect of all audits undertaken as follows: -

- a. independence is reviewed on commencement and completion of each audit assignment.
- b. annual checks are made in respect of all professional staff to ensure they are independent from all our clients in accordance with the audit regulations.
- c. A dedicated ethics partner reviews all assignments where there may be considered a public interest as well as all cases where there may be any doubts as to our independence.

A review of the firm's independence practices is performed annually to ensure the firm continues to maintain compliance with internal policies, regulations and the Ethical Standards. There have been no breaches of Ethical Standards reported in the period.

Members of staff are made aware of ethical and money laundering considerations on commencement of their employment and various updates which are provided both internally and externally.

All partners and staff complete an annual declaration of their independence and must notify the Firm of any circumstances which may affect their independence, or of any potential or actual conflicts of interest.

An internal review of independence practices is included in the Annual Compliance Review which is conducted by the firm's ACP. The last Annual Compliance Review was conducted in March 2022.

#### **8. Statement on policies and practices in respect of maintenance of competence by the firm in the conduct of statutory audits**

All personnel involved in audit work are required to maintain their technical knowledge at the highest level. The conduct of audits and standard of work performed is monitored and reviewed on each assignment through appropriate reviews during the course of the assignment.

All personnel eligible for appointment as a statutory auditor (SSA), or who are involved in the conduct of audits, are required to attend regular training courses to ensure that their knowledge in all aspects of their audit work is maintained at the highest possible level. The maintenance of the professional skills and values of these personnel is reviewed annually.

All SSA/RI's in the Firm are members of the Institute of Chartered Accountants in England and Wales. All members must undertake Continuing Professional Development (CPD) to ensure that they continue to maintain their skills and knowledge.

The ACP closely monitors Continuing Professional Development for all RIs and qualified members of staff. This ensures that all persons in the Firm eligible to be appointed as an SSA continue to maintain their theoretical knowledge, professional skills and values at a sufficiently high level.

In addition, the audit work is regularly independently reviewed for compliance with standards and procedures. The programme of reviews is structured so that the work of each audit partner and senior audit personnel is subject to a review at least once in any 12 month period.

Feedback from these reviews is examined by a Technical Committee which comprises of all RI's and Audit Mangers and discussed to identify the root causes of any weaknesses identified and the necessary improvements that need to be made, be it for individual team members, the audit team as a whole or the firm's procedures and controls.

## 9. Rotation of key audit partners and senior personnel

The firm has a policy to ensure the statutory requirements in respect of rotation of key audit partners and senior personnel are met in respect of participation in statutory audits.

## 10. Financial information

An analysis of the firm's turnover (best estimate) for the year ended 5 April 2022 is as follows: -

Statutory audit revenues from public interest entities	£9,750
Statutory audit revenues from other entities	£1.5 million
Revenues from non-audit services to audited entities	£1.8 million
Revenues from non-audit services to other entities	£3.0 million

The Firm's revenues from non-audit services to audit clients include accounts preparation work for unlisted clients, corporation tax compliance, tax planning, payroll services, company secretarial services and general business and strategic advice.

When undertaking non-audit work for an audit client, the requirements of the Ethical Standards for Auditors and the Firm's acceptance procedures described above are applied before the work is accepted.

## 11. Partners

Partners are remunerated according to a number of factors. All partners' remuneration is based on a minimum (notional) profit share with a discretionary award and an element of performance related pay whilst full equity partners' remuneration also includes a profit share. The Tier 1 partners determine the discretionary amounts payable to all partners.

The Firm considers that no partner's remuneration is contingent upon any basis that would compromise the independence of any audit, including the sale of non-audit services.
